

Dear 8th Grade Parents,

Do you have the cutest, silliest, most precious baby picture of your 8th grader? Would you like to include it in this year's yearbook for free? If so, go to www.HJeshare.com and enter the code: **tigerbabies** to upload your picture.

For best results, all photos should be at least 300 dpi. (Please do not use photos taken off the internet, as these are typically only 72 dpi and not suitable for printing purposes) If you are scanning photos, please be sure to set your scanner to 300 dpi and scan as a jpg.

Fill in your contact information and select "browse images" to find the picture. Type your son or daughter's name in the first field and "Baby Picture" in the description field. Photos must be uploaded by **March 9th, 2017** to be included in the yearbook. Please contact the yearbook teacher (Ashley Campbell) with any questions at ACampbell@pausd.org.
